DISCLAIMER

This list of Ute Distribution Corporation Stockholders who are listed on UDC stockholder list, was provided by Ute Distribution Corporation, Roosevelt, Utah.

If there is any mistakes it is Ute Distribution Corporations mistake and not ours. The above was taken from Ute Distribution Corporations Stockholders List Dated: July 15, 2003 and a few from Ute Distribution Corporation Stockholder List of 2006.

The comments that were added to the list is on information and belief from persons who know that individual.

STATEMENT BY: ORANNA B. FELTER, ORIGINAL TERMINATED 490 ROLL NUMBER 32

Going thought this list of UDC "Non Member Stockholders" makes me wonder how the Federal Government, Bureau of Indian Affairs and others can continue to let Ute Distribution Corporation pay money off Gas, Oil and Mineral, that is generated off "Federal Indian Trust Lands" when the individuals, corporations, etc. are not Original Mixed Blood members of the Ute Indian Tribe of Utah.

How can Non Members be paid dividends off "federal trust moneys" that should be going to the Original stockholder and not someone who obtained it through whatever fashion it came into their possession. All Ute Distribution Corporation Stock Shares needs to be "VOIDED OUT" and given back to the original owner immediately, and a full investigation of Ute Distribution Corporation needs to be conducted to see how much trust money they have paid out from 1964 to the present date to "Non-Member" Stockholders.

These Non Member Stockholders of Ute Distribution Corporation are the only ones who benefit from any payments, and a handful of Originals. When and how did Congress change the laws to allow persons and organizations to get rich off of our misery? Until the UDC lays out an explanation of where Congress changed the UPA to transfer our Uinta identity to non-Indians, then we are justified in asking questions in the public as to why this injustice came about.

The Ute Indian Tribe is as guilty as Ute Distribution Corporation, making money off their own Peoples' death, misery, pain and suffering by holding 800 plus shares. They should give them back immediately to the original 490. because they are "Non Members" and are not listed on the Mixed

Bloods Final Rolls so they sit in the same category as Ute Distribution Corporation, matter of fact it makes me wonder if they could be able to "double dip", making money off their own resources and the resources intended by Congress only for the benefit of their terminated People.

We are dead set at blowing the lid off the secrecy of the UDC so we can finally get to the bottom of why non-Indians were able to strip our Indian identities and get paid for Gas, Oil and Minerals coming from federal trust land! We expect to be threatened with legal action by those who feed off our Indian identity to keep our mouths shut about this evil, shameful and sickening American injustice. We stand by the "Truth" and the Spirits of our Proud Ancestors to get answers on why our government has allowed this to happen.
