

Date _____

Dear Tribal Council Members, Individual Native American Groups, Spiritual Leaders
Individuals, Members of Felter v. Norton, and All Concerned Individuals who would
Like to "Support the Repeal of Public Law 671"

I am writing to you to ask for your support in our effort to restore, through Act of
Congress, the members of the Terminated Mixed-Blood Uinta Band to federally-
recognized status. In December 2002, we filed a federal civil action to seek relief
from the 1954 Act of Congress, the "Ute Partition Act", that terminated our Uinta
Band. Our case was dismissed and it is on appeal.

The "Ute Partition Act" was nothing more than the most disgraceful abuse of
Congressional plenary power that has been repudiated by President Nixon in 1970
when he flatly proclaimed termination as "morally and legally unacceptable."

We watch greedy non-Indians and large corporations continue to reap vast wealth
from land, water, minerals in the form of oil & gas. They do this by virtue of a
massive BIA contrived masquerade that has covered up the fact that nobody has
shown any proof where we gave our legal consent at a duly called meeting in the
early 1950's to exterminate ourselves.

Our outrage at what this shameful chapter of American history stole from our Proud
Uintas has kept us fighting against this injustice. Many of our Elders died wondering
why our Congress has not reversed this dishonorable Act. Others languished, dying
from feeling of powerlessness and rejection by their own County even though they
fought and risked their lives for the freedoms enjoyed by our American Indians
today. Termination remains an impact on our lives and has taken its toll that should
serve to shame every Tribe and member of the United States Congress.

I can only hope that, through the efforts of Honorable Tribal Leaders and other
compassionate Native Americans of principle across Indian Country, we will, in short
order, witness official U.S. recognition of this crime against humanity, repealing a
sad chapter in American history. We will be presenting a Resolution for passage at
the National Congress of American Indians 2006 Annual Conference to be held in
Sacramento, CA.

I urge you to support our efforts at demanding the U.S. Congress to repeal the Ute
Partition Act, a living poisonous relic of an unfortunate era that ended in failure.
This profoundly immoral policy must be resoundingly eradicated as a law that has
promoted the Genocide of our Uinta Band and theft of our valuable heritage by non-
Indians who stole our Uinta identities and gleefully enriched themselves at our
expense.

Thank you for your consideration of this matter. Please verify that you received this
Most important letter, and that you will support our efforts to repal the U.P.A.

Sincerely,

Oranna Bumgarner Felter

Lead Plaintiff in Felter v. Norton

"Terminated" Uinta Band Member of the Ute Indian Tribe of Utah
